

interiors *family activities*

explore

- [] Look for a pet. What is the pet doing? Why?
- [] How many times do you see the color yellow?
- [] Can you find the stars? Tell the person you are with something you know or remember about stars.
- [] Can you find something that a doctor uses? Who is using it? Why?
- [] Do you see a mirror? Walk slowly around it. Do you notice any changes?
- [] Find a person who works here. Talk to them if you have a question or something to share.
- [] Find the touching table. Describe how the items feel. What are they made of? How do you think they are made?

learn

Kiln-glass (or **Kilnforming**) is glass formed in a kiln, usually at temperatures between ~1250 - 1600°F.

- [] What can you find that is made with *kilnformed* glass? How can you tell?

make

- [] Find the touching shapes. Use shapes to tell a story about you or your family.
- [] Use the touching shapes to make a portrait of your pet.
- [] Think about the questions on the yellow wall and use words or pictures to add your own voice.

*Interested in further ways to **explore, learn, and make**? Ask about our upcoming classes for children and families, or visit bullseyeprojects.com.*

visitor guide

- **Touching harms the art.** *Only touch items labeled “please touch”, handle objects gently, and put objects back in their homes.*
- **Be aware of your surroundings.** *Please respect other visitors by moving slowly and carefully.*
- **Stay close to your family and friends.** *Share your ideas and talk quietly about your discoveries.*
- **Ask questions! Tells us what you think!** *We love to share information about the artwork and hear your ideas.*
